

“The Week the Earth Moved.”
Friday 28th May to Sunday 6th June 2010

**Come and join us
for a working
holiday in the
outstanding
landscape of
North Cornwall.**

Help us construct an earth bank using recycled materials from the farm, and create ditches and gateways. The earth will move for us all and we shall have lots of muddy fun!

Trelay Farm is a 32 acre smallholding located within the North Cornwall Area of Outstanding Natural Beauty. Trelay is a co-housing eco-village, where we are learning to live sustainably and lightly on the Earth. For more information visit www.trelay.org

Wednesday will be a day off and there will also be time at the end of each day to explore the stunning coast and countryside of Cornwall and lots of homemade cake too!

Contact info@trelay.org or 01840 230 423

Don't delay, book today. Come and join in!
